

AFA & COLOUR AFAXAN WATER ISOLATION

DESCRIPTION

:Water-based, AFA COLOUR AFAXAN mixture, ready to use, transparent impregnated material.

FEATURES AND SCOPE OF USAGE

:It is recommend to use all types of concrete, plaster, gypsum surface. By establishing a strong surface it helps increase penetration of top coat paint. It saves top coat paint consumption. It can be applied on natural stone, gas concrete, tile or acrylic- based paint for water-proofing properties. No film formation, transparent appearance.

APPLICATION

:All surfaces have to be clean, dry and dust free. Creates flat and smooth surfaces. Ready to use, do not dilute. Apply with a trowel. Wide and deep cracks must be covered two times. Between the two applications the putty has to be dried completely.
